

Hello, My name is Danielle Schmuecker.

I am coming to you from Mackenzie BC as a participant in the ECE BC Leading Change program.

I am producing a short-run podcast discussing the issues and joys that Early Childhood professionals experience working in isolated or rural areas in BC.

I am coming to you to ask you to help me increase local awareness about my podcast.

I would also like to find and contact any leaders or mentors in the field who work and live in this part of our larger ECE community. I plan to present my podcast in an interview format and would love to hear from people who hold wisdom but cannot reach a bigger audience because of where they live.

Please let me know if you are willing to help me distribute the attached poster or if you have thoughts on somebody who may be willing to be interviewed.

I also have launched some social media connected to this podcast and if you are willing, I can pass that on to you now. Besides this email, we also have a private Facebook group titled ECE in Rural BC and a Discord server that listeners can join.

The first episode of the podcast can currently be found on Spotify and several other podcast platforms under the name of ECE in Rural BC. <https://www.buzzsprout.com/2127147>

I hope to learn and build a community with you all.

Thank you for your time,

Danielle Schmuecker.
